## YOUNG MEN APPRECIATE HART SCHAFFNER & MARX CLOTHES

THERE are good reasons why we have, and ought to have, the trade of the best dressed young men. We appreciate the demand of young men for smart style, and we supply it. But we do encourage our young men customers to give more attention and consideration to quality than young men are apt to do.

Too many young fellows don't go deep enough into the clothes question; they're attracted by the style, but they forget quality.

Both style and quality are needed. Style for the way you look in the clothes; quality, because it enables you to keep on looking that way.

The thing that goes the farthest toward making life worth while. That costs the least and does the most, is just a pleasant smile. The smile that bubbles from the heart that loves his fellow men. It's full of worth and goodness, too, with manly kindness blent. It's worth a million dollars and it doesn't cost a cent. There is no room for sadness when we see a cheery smile. It always has the same good look—it's never out of style. It nerves us on to try again when failure makes us blue—Such dimples of encouragement are good for me and you. So smile away; folks understand what by a smile is meant—It's worth a million dollars and it doesn't cost a cent.

The Great National Farm Weekly is almost the only thing in the world that hasn't gone up in price. But the dollar that buys only fifty cents' worth of most commodities will buy more of THE COUNTRY GENTLEMAN than ever before—52 weekly issues that are getting bigger and better all the time.

I particularly want to get your subscription started now, so that you can read the first installment of "The Reverend Meddler" in next week's issue; it's a splendid story of love and mystery and adventure, by William Harper Dean. And there are a score of other stories and articles in

the same issue. All about live-stock; all about dairying and growing fruit and truck; all about poultry and bees; full directions for canning vegetables and fruits; Handy Farm Mechanics—I can't begin to tell half. And it costs only \$1.00 for a whole year. Yes, I'm a-coming.
